EDUCATION

SRM Institute of Science and Technology

Master of Computer Applications (MCA) — CGPA: 8.76 (till Sem 2)

Delhi NCR, India

Jul 2025 – May 2027

Galgotias University

BCA in Computer Science, Specialization in Cyber Security & Computer Networks

Greater Noida, India

Aug 2022 – Jun 2025

CGPA: 9.20 (First Class with Distinction)

Class XII: 73.2% | Class X: 84.3%

PROJECTS

SecureSteg | Python, Tkinter, Pillow, SQLite, Cryptography

— [GitHub](#)

- Built a desktop tool that hides text and files in images via LSB steganography, visually imperceptible (PSNR $\approx$ 51 dB).
- Encrypted payloads with AES-256-GCM and PBKDF2, so tampered or wrong-password data fails to decrypt.
- Implemented user accounts in SQLite with salted password hashing instead of plaintext storage.

EduAdapt AI (Hackathon Team Project — QA Tester) | FastAPI, React, scikit-learn

— [GitHub](#)

- Tested an ML-driven adaptive learning platform, validating 25 integration tests and the production build.
- Found and patched a weak JWT secret configuration that left authentication open to token forgery.

Library Management System | Python, Tkinter, SQLite

— [GitHub](#)

- Built a desktop app to add, update and delete book records and track issued books by borrower card ID.

INTERNSHIPS & TRAINING

Python Programming Intern

Jun 2026

CodSoft

— Remote | Experience Letter

- Built a desktop inventory management system in Python (Tkinter, SQLite) with 8 modules covering employees, suppliers, products, billing and sales.
- Completed internship tasks including a Python calculator and a to-do checklist application.

Cloud Foundations and Architecture Virtual Internship

Apr 2025 – Jun 2025

Amazon Web Services (AICTE)

— Remote | [Certificate](#)

- Certified in AWS Academy [Cloud Foundations](#) and [Cloud Architecting](#), covering IAM, VPC, EC2, S3 and secure architecture design.

Networking Virtual Internship

Jul 2024 – Sep 2024

Zscaler (AICTE)

— Remote | [Certificate](#)

- Studied Zero Trust Architecture, secure web gateways and traffic inspection for enterprise network security.

TECHNICAL SKILLS

Languages: Python, SQL, HTML, CSS

Security: Cryptography (AES-GCM, PBKDF2, hashing), Steganography, JWT Security, Zero Trust, Network Security

AI & ML: Agentic AI Concepts, scikit-learn (basics)

Python Libraries: Tkinter, Pillow, cryptography

Databases: PostgreSQL, SQLite

Cloud & Tools: AWS (EC2, S3, IAM, VPC), Git, GitHub, Docker

Core CS: Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks, OOP

CERTIFICATIONS

- Oracle University – Agentic AI Certified Foundations Associate

— [Certificate](#)

- Oracle Academy – Database Programming with SQL

— [Certificate](#)

- NPTEL (IIT Kharagpur) – E-Business (Elite)

— [Certificate](#)

- NPTEL (IIT Kharagpur) – Training and Development (Elite)

— [Certificate](#)
